

Length of Stay (LOS) in the Emergency Department (ED)

for admitted patients

■ 90th Percentile ■ 50th Percentile

ED Length of Stay (LOS) for Admitted Patients: ED length of stay is defined as the time from triage to the time the patient leaves the ED to a hospital bed. Measured in minutes. The 90th percentile is the maximum length of time in which 9 of 10 patients have completed their ED visit.
